All data is for Primary Urban Areas (PUA) - a measure of the 'built-up' area of a city, rather than individual local authority districts. PUA data only exists for 56 English cities. For Welsh and Scottish cities we have used the corresponding local authority area, with the exception of tightly-bounded Glasgow, where we have defined the PUA as an aggregate of five local authorities: West Dunbartonshire, East Dunbartonshire, East Renfrewshire, Renfrewshire and Glasgow City. Belfast PUA is an aggregate of Belfast City, Carrickfergus, Castlereagh, Lisburn, Newtownabbey and North Down.
