<b>Great Britain</b>		<b>1.4%</b>	<b>559,692</b>		

\*February 2008 - the lowest point on the UK claimant count series - is used here as the initial measurement point to take into account the extended duration of the recession.

\*\*We have used data for Primary Urban Areas (PUA) - a measure of the 'built-up' area of a city, rather than individual local authority districts.
